###

The United Way of Marshall County would like to thank all the community members, businesses, and organizations that have generously given to United Way. All funding is exclusively used within Marshall County to benefit our local non-profit health and human service agencies. These agencies serve our Marshall County friends and neighbors in crisis situations. With the downturn in the economy and so many residents facing financial hardship, support for these programs is vital. Our friends and neighbors in need have increased in numbers just as state and federal funding has decreased. United Way needs your help now more than ever. If you would like to contribute to United Way contact the office at 582-4700. Thank you for your continued support of United Way of Marshall County.
